CREATOR STARTER KIT / 1

WHY ARE YOU CREATING?

Start with what you want to happen. Your purpose influences the content you make.

BE KNOWN

Do you want more people to know who you are?

CREATE CHANGE

Do you want social or political change?

DRIVE LEADS

Do you want leads for your business?

SHARE A MESSAGE

Is there something you want people to hear?

GIVE YOURSELF A CLEAR REASON

- Choose the outcome you want, or name another one.
- Use it to decide what your video needs to say.

I AM CREATING CONTENT BECAUSE...

WHAT I WANT TO HAPPEN IS...

KEEP IT SIMPLE

For your first video, choose one point that serves that purpose.

IT WILL FEEL AWKWARD.

We live in a video-first world. Getting comfortable being on video is part of starting.

EXPECT THE DISCOMFORT

- If you are not used to being on camera, it can feel uncomfortable.
- You may feel like you sound stupid.
- That is okay.
- You can make a video while it still feels awkward.

TALK LIKE YOU ARE ON FACETIME

- Imagine one friend on the other side of the phone.
- Look at the lens.
- Explain the point the way you would explain it to that friend.

PICK SOMETHING YOU CARE ABOUT

- Talk about something you are passionate about.
- An idea you are not interested in makes you force the delivery.
- Trying to manufacture charisma can sound artificial.

LET YOURSELF SOUND LIKE YOURSELF

- Use words you actually say.
- Skip the presenter voice and the long introduction.
- Record line by line if that helps.

YOUR FIRST RECORDING

Pick a point you care about. Look at the lens. Say it to one friend. Record it even if you feel awkward.

KNOW THE VALUE YOU GIVE.

Before you hit record, choose what this video gives the viewer.

EDUCATION / HELP THEM DO SOMETHING

- Show someone how to do something.
- Solve a problem or explain something they need to understand.

ENTERTAINMENT / MAKE THEM FEEL GOOD

- Make them laugh, smile, or feel happy.
- Give them something enjoyable to watch.

INSPIRATION / MOVE THEM TO ACT

- Share an inspiring story or your transformation.
- Help them feel ready to take action.

BUILD AROUND ONE CLEAR POINT

- Choose your type of value before recording.
- Open with a specific claim or question.
- Develop the point and deliver what the opening promised.

MY VIDEO GIVES: EDUCATION / ENTERTAINMENT / INSPIRATION

THE ONE POINT I WILL MAKE IS...

KEEP THE SETUP SIMPLE.

Make the video easy to see, hear, and follow.

BEFORE YOU RECORD

- Wipe the lens.
- Face a window so the light is in front of you.
- Choose a quiet space.
- Prop the phone up or hold it steady.

KNOW THE WORDS BEFORE YOU RECORD

- Do not do your thinking on camera.
- Know what you are going to say before hitting record.
- Record one line at a time if needed.

WHILE YOU RECORD

- Look at the lens, not at yourself.
- Talk to one friend.
- Say the line you prepared, then record the next one.

MAKE A QUICK EDIT

- Cut pauses, ums, and dead time.
- If you add on-screen captions, make them readable and correct the words.

WATCH IT ONCE

- Watch as if it appeared in your feed.
- Notice where you get bored or want to scroll.
- Cut that part while keeping the point clear.

ENOUGH TO PUBLISH

A clear point, a natural delivery, and a clean edit. Focus on the content.
